

# Environmental Policy

## Remøy Shipping Objectives:

- To protect the environment from the impact of Remøy Shipping's activities at sea, on land and in the air, by preventing pollution incidents and efficiently using resources to minimize adverse environmental consequences.
- Remøy Shipping overall long-term goal is a shipping activity with no harmful environmental impact and no emissions to air nor sea.

## To achieve these objectives, Remøy Shipping's policy is to:

- Utilize the Remøy Shipping Safety Integrated Management System (SIMS).
- Demonstrate clear commitment of senior management and personnel in compliance to the SIMS.
- Understand current and future customer needs.
- Fully comply with all applicable environmental legislation, regulations and rules and endeavour to apply complementary standards.
- Be prepared for a quick and efficient response in case of a pollution incident.
- Consider Environment as a priority in our business decisions.
- Promote environmental-friendly technologies, materials, goods, and services within the company and towards our stakeholders.
- Remøy Shipping will search continual improvement of the company's environmental objectives and will have a continuous focus on improved fuel efficiency and reduced emissions to air.
- Encourage employees' participation throughout the organization to identify where we may improve our practices and achieve our Environmental Goals.
- Maintain the ISO14001:2015 certification.

## Responsibility and accountability

**The Chief Executive Officer** is obliged to enact this policy under the directive of the Board of Directors

**Management at all levels** is obligated to secure the success of the Policy by ensuring the necessary resources are both supplied and readily available at all levels of the organization.

**This policy applies** to all Remøy Shipping units and is to be displayed on all vessels and shore facilities under the management of Remøy Shipping.
